

*Gastronomic Guide*

Mediterranean cuisine is the gastronomy rooted in the Mediterranean Basin. This special cuisine is based on the relevance of its ingredients, such as olive oil, wheat, grapes, rice, and fish.

It encompasses a wide variety of cultures with different culinary traditions, each maintaining the same essence, while offering distinct flavors and preparations. This shared root is the legacy of historical connections, the influence of the Mediterranean Sea, and the region's climate and economy. As a result of these values, Mediterranean cuisine is being recognized as one of the healthiest diets.

When referring to Mediterranean cuisine, traditional and popular recipes are mentioned because of the deep link to its people and culture.

This guide is the perfect companion to discover the best gastronomic offerings in Canet d'en Berenguer and enjoy your stay with us under the sun and by the sea.

Welcome,

Pere Joan Antoni Chordá  
Mayor of Canet d'en Berenguer

"Maybe because my childhood still plays on your beach  
And hidden behind the reeds sleeps my first love I carry your  
light and your scent wherever I go..."

Mediterráneo, Joan Manuel Serrat
